Best WGA Crystal Plus 20000 Flavours to Try in 2026

The WGA Crystal Plus 20000 has quickly become a favourite among vapers who want long-lasting performance and a wide variety of flavours. One of its standout features is the dual-flavour design, allowing users to switch between two flavours in a single device. This not only adds convenience but also keeps the vaping experience fresh and enjoyable throughout the day.

If you're planning to try the WGA Crystal Plus 20000 in 2026, here are some of the most popular flavour combinations worth exploring.

Blue Razz Cherry & Fizzy Cherry

This flavour pairing is perfect for anyone who enjoys sweet and fruity blends. The bold blue raspberry taste is balanced by rich cherry notes, while the fizzy finish adds an extra layer of excitement. It's a flavour that delivers a candy-like experience without becoming overwhelming.

Triple Mango & Kiwi Passion Fruit Guava

Tropical fruit lovers often gravitate toward this combination. The sweetness of ripe mango blends beautifully with the refreshing mix of kiwi, passion fruit, and guava. Every puff offers a smooth and exotic taste that feels perfect for all-day vaping.

Juicy Peach & Peach Mango Ice

For those who enjoy softer fruit flavours, this blend is a great choice. Sweet peach flavours are combined with tropical mango and finished with a cooling icy touch. The result is a refreshing vape that remains smooth from start to finish.

Strawberry Raspberry Ice & Blueberry Cherry Cranberry

Berry flavours continue to be among the most popular choices in the vaping world. This combination brings together several fruit favourites, creating a rich and layered flavour profile. The icy finish enhances the fruity notes and adds a refreshing sensation.

Pineapple Ice & Pineapple Peach Mango

This tropical-inspired blend offers the juicy sweetness of pineapple along with smooth peach and mango flavours. The cooling effect helps balance the sweetness, making it a popular option for users who enjoy refreshing fruit combinations.

Lemon & Lime & Lemonade Sherbet Ice

Citrus fans will appreciate the vibrant taste of this flavour pairing. The sharp notes of lemon and lime are complemented by a sweet lemonade sherbet finish. It provides a crisp, clean flavour that feels refreshing throughout the day.

Fresh Mint & Double Menthol

If you prefer cool and minty flavours, this combination delivers exactly that. Fresh mint provides a smooth base, while double menthol creates an intense cooling sensation. It's an excellent option for users who enjoy a clean and refreshing vape.

Gummy Bear & Skittles

Sweet-flavour enthusiasts often choose this combination because of its candy-inspired taste. The fruity gummy bear notes blend perfectly with the colourful sweetness associated with Skittles-style flavours, creating a fun and nostalgic vaping experience.

Why These Flavours Stand Out in 2026

The popularity of the WGA Crystal Plus 20000 comes from its ability to offer variety without compromising flavour quality. The dual-flavour system allows users to enjoy different taste profiles whenever they want, making each device more versatile than traditional single-flavour options. Whether you enjoy tropical fruits, refreshing menthol, sweet candy blends, or citrus flavours, there is a combination designed to suit your preferences.

Final Thoughts

The WGA Crystal Plus 20000 continues to attract attention in 2026 thanks to its impressive puff count, user-friendly design, and diverse flavour selection. From the tropical sweetness of Triple Mango & Kiwi Passion Fruit Guava to the refreshing coolness of Fresh Mint & Double Menthol, there is something for every vaping preference. Choosing the right flavour ultimately comes down to personal taste, but these popular options are a great place to start for anyone looking to enjoy the full WGA Crystal Plus 20000 experience.
